Comments & additional information

- All prices listed include accommodation (2 nights), meals and snacks for the time of the camp.
- The couple / family rooms are not equipped with a double bed.
- Due to the restrictions enacted by the health regulations imposed by the reception center, the distribution in the common rooms will be made by the camp organizers according to the number of registrations and the space available. However, the common rooms will in no case be mixed.
- Common rooms have a maximum of eight beds.
- Some couples / family rooms, and some common rooms will not have a private bathroom, but will share common sanitary facilities on their landing.
- Due to the health regulations imposed, the organization and running of the camp may differ from what you may have already experienced in the past, for example, the choice of rooms is very limited. A brochure will soon be available to give more details on this subject. However, we do everything to make your experience as pleasant as possible. We thank you for your understanding.
- If the evolution of the situation should make the holding of the camp impossible, prohibited or too dangerous for the participants, the camp will be canceled and all sums incurred by the participants will be fully refunded.
- The camp will take place according to the principle of bubbles of 50 people maximum. Each bubble is totally distinct and cannot have contact with another bubble. In practice, depending on the premises we have reserved, we may have a maximum of three bubbles for the entire camp.
- If the number of paid registrations exceeds the number of participants authorized by the center, the last registrations (= the latest) will be canceled and refunded.
